## SOURCE EXCERPTS · THE GAP IN ROW 3

PDF Nomination form · Q4

“Over the year our community grew fast: membership tripled in 2026, driven by the new peer-review programme.”

PDF Supporting evidence

A case study and two letters of support. None of them gives a membership figure or a source for the growth.

## WHY IT MATTERS

Results carry 25% of the score. When the review flags the missing figure before scoring, your jury answers one question together instead of guessing at the number one by one.

## WHAT THE JURY DECIDES

Each juror reads the review beside the nomination and scores every criterion. The jury decides how much weight the unsupported claim deserves.

## WINNERS STAY WITH YOUR JURY

The AI Total Score is advisory and ranks no one. The organiser confirms the Final Score that builds the ranking.
